

PTFE THREAD SEAL TAPES

WHITE PTFE THREAD SEAL TAPE

For all industrial applications. Made from 100% virgin PTFE. No pigments, no additives. May be used on all applications including water, oil, chemical, medical, and food processing where non-contamination standards are high. Exceeds MIL Spec T-27730A. Temperature range of -450F to +550F. Available in a variety of sizes and densities.

YELLOW GAS LINE PTFE THREAD SEAL TAPE

Designed for gas lines of all types...natural gas, propane and butane lines. Meets gas company standards world wide. Seals threads easily and quickly with confidence. Exceeds MIL Spec T-27730A. Temperature range of -450F to +550F. Available in a variety of sizes.

PINK PLUMBERS PTFE THREAD SEAL TAPE

For plumbers and pipe fitters. Color coded pink to signify that it is heavier than standard white thread seal tapes. Ensures leak free joints. Exceeds MIL Spec T-27730A. Temperature range of -450F to +550F. Available in a variety of sizes.

GRAY STAINLESS STEEL PTFE THREAD SEAL TAPE

This tape has nickel pigment color added for use on all stainless steel fittings. Prevents galling, seizing and corrosion. This is the tape for coarse stainless steel threads. Exceeds MIL Spec T-27730A. Temperature range of -450F to +550F. Available in a variety of sizes.

GREEN OXYGEN PTFE THREAD SEAL TAPE

Color coded green for oxygen applications. This grease free tape is great for all of your oxygen lines. Exceeds MIL Spec T-27730A. Temperature range of -450F to +550F. Available in a variety of sizes.
